01

Freshen up the stinky seats and floor mats in your car with sentimental scents.

02

Remove pilling and static from wool and knit fabrics.

03

Remove the food odor from your home after cooking in the kitchen.

04

Leave your linens and curtains crisp, just like freshly laundered with fragrance.

05

Choose a lovely reverb instead of an overpowering perfume when you're in a hurry.

06

Add a sophisticated scent to your home when you have guests over.

tip

For longer lasting fragrance, spray after washing but before drying.

The fragrance will be more pronounced if you spray it after airing.
